

ELENA ADAME

12604 Herrick Avenue, Sylmar CA · (818) 987-4220

adamelena131@gmail.com · <https://elenadame.github.io>

Objective: I want to learn and expand my knowledge of software development, testing, and QA. My goal is to complete a Doctorate degree in Computer Science and promote women achieving STEM careers.

EXPERIENCE

AUG 2019 – CURRENT

STUDENT ASSISTANT, CSUN

Work with OEM Cloud Control to monitor servers, deploy agents, and troubleshoot servers. Create file transfer services using batch scripts.

JUNE 2019 – AUG 2019

INTERN, PRINCESS CRUISES

Created batch scripts to automate archive processes. Helped deploy a server split by testing, configuring, and validating servers.

OCT 2016 – AUG 2018

LEAD, SIX FLAGS MAGIC MOUNTAIN

Ensured team members were given breaks and lunches on time. Helped with food preparation, consumer concerns, and closing/opening procedures.

EDUCATION

MAY 2020

BS COMPUTER SCIENCE, CSUN

Taken classes in programming logic, operating systems, and system security. Working on my Senior project, which is an application that informs users when a makeup product is expired using barcode recognition.

JUNE 2018

AS-T COMPUTER SCIENCE, COLLEGE OF THE CANYONS

Finished basic coursework in Java.
