EDUCATION

CSUN, Northridge CA — *M.S Software Engineering*

In Progress

CSUN, Northridge CA — *B.S Computer Science*

JUNE 2020

PROJECTS

Expired — *Android Application*

This app used the phone's camera to scan a skincare or makeup product. The product information would be pulled from a database using the UPC code and the application kept track of a product's expiration date based on the period after opening.
